The ActionCOACH Dream Builder Process...

- 1. Idealization:** Complete these pages making sure you describe your most ideal life. Shoot for the stars and at the very least you'll hit the moon.
- 2. Visualization:** Invest 10 minutes each morning and 10 in the evening—with your eyes closed—visualizing everything you have written about, dreamt about and thought about as if it's already real.
Buy a large pile of magazines, several poster boards, scissors and glue, cut out words, pictures, events, places and things that form your dreams and create a large collage of your dreams, or what we call a Dream Chart.
- 4. Verbalization:** Make a list of 21 "I AM" statements about your future self. Describe traits you want to build on to become the person you want to be in order to do the things you want to do, to have and experience all you dream of. State these "I AM" statements out loud every single day (at least twice) with as much passion, volume and desire as you possibly can.
- 5. Materialization:** Choose every day to tell yourself that all you dream of will be yours and when you believe it you will see it.
